

2023

# Pre-College Programs

UC Santa Barbara invites qualified high school students to immerse themselves in credit-bearing courses and dive deep into an interdisciplinary subject while discovering new knowledge through university-level research.

UC SANTA BARBARA  
Summer Sessions

# Unlock your potential through a research experience

**Jumpstart your higher education** career by immersing in a unique interdisciplinary research experience in STEM, Humanities, and/or Social Sciences fields.

**Interact with trailblazing** researchers during our popular GRIT talks series and benefit from full access to UC Santa Barbara services and resources.

**Explore new topics and special** interest areas by enrolling in UC Santa Barbara courses taught by researchers who are seminal leaders in their field.

**Hone professional and life skills,** such as effective communication, study techniques, and time management, to support your continued success.

**Participate in curated workshops** to bolster your skills to successfully navigate the college admissions process, higher education opportunities, and your career path.

**Build lasting relationships** with faculty, graduate students, and like-minded peers through rigorous academics and a variety of social activities.

# Push Boundaries

Choose between two transformative research programs to advance your academic goals.

## RESEARCH MENTORSHIP PROGRAM

June 20 – August 4, 2023

An immersive summer program that engages students in interdisciplinary, hands-on, university-level research under the guidance of a mentor. Students participate in all stages of the academic research process by choosing a project from a curated list featuring topics in STEM, Humanities, and Social Sciences, and mastering field-specific skills.

### Program Eligibility

- Qualified students in the 10th and 11th grades, as well as advanced 9th graders.
- Minimum **3.8 GPA**  
*(weighted, UC a–g requirements)*
- Must attend program in its entirety, including the virtual component June 20–23, 2023

## SUMMER RESEARCH ACADEMIES

June 29 – July 28, 2023

A dynamic summer experience that offers students the opportunity to foster a passion for research and learn about current, open-ended questions. Students choose an interdisciplinary track in STEM, Humanities, and/or Social Sciences where they build on fundamental concepts that lead them to develop a research project with the guidance of experts.

### Program Eligibility

- Qualified students in the 9th, 10th, and 11th grades.
- Minimum **3.6 GPA**  
*(weighted, UC a–g requirements)*
- Must attend program in its entirety, including the virtual component June 29–30, 2023

**2023 Program applications will open on December 15, 2022**

“

SRA **allowed me to conduct college level research** as a high school rising junior and connected me to a lot of like-minded peers who have similar goals to me.

—2022 SRA Alumna

## Program Voices

”

I loved being able to **bring my own perspective to the project and take it in a unique direction** and I was glad to have an interdisciplinary project with a variety of applications.

—2022 RMP Alumnus
